

ONE SMALL TASK A DAY

30-Day Digital Declutter Checklist

Most tasks take 10 to 15 minutes. Skip a day? Just pick up where you left off.

WEEK 1 Your phone's camera roll

- ☐ **Day 1** Delete screenshots you no longer need (old receipts, directions, memes).
- ☐ **Day 2** Clear blurry and accidental shots from the last 30 days.
- ☐ **Day 3** Review burst photos. Keep the best one from each burst.
- ☐ **Day 4** Check which camera settings create extra files you never use.
- ☐ **Day 5** Make 3 albums you will actually open: Family, Documents, Favorites.
- ☐ **Day 6** Check that your phone backup is current (look at the last backup date).
- ☐ **Day 7** Rest day. Nothing to delete today.

WEEK 2 Your computer

- ☐ **Day 8** Sort your Downloads folder. Remove installers and duplicate files.
- ☐ **Day 9** Create one Photos folder with Year > Month > Event inside it.
- ☐ **Day 10** Move photos sitting on your Desktop into that Photos folder.
- ☐ **Day 11** Rename one event folder so it starts with the date: YYYY-MM-DD.
- ☐ **Day 12** Remove obvious duplicate photos in just one folder.
- ☐ **Day 13** Clear old screen recordings and large videos you do not need.
- ☐ **Day 14** Rest day. Confirm your computer backup finished.

WEEK 3 Cloud and storage

- ☐ **Day 15** Check how much cloud storage you use and what takes the most space.
- ☐ **Day 16** Delete backups of old devices you no longer own.
- ☐ **Day 17** Leave shared albums you no longer look at.
- ☐ **Day 18** Remove large email attachments you already saved somewhere else.
- ☐ **Day 19** Write down every place your photos live: phone, computer, cloud, drives.
- ☐ **Day 20** Label each external drive with what is on it and the date.
- ☐ **Day 21** Rest day. Make sure your favorite photos exist in at least two places.

WEEK 4 Memories and habits

- ☐ **Day 22** Pick your 20 favorite photos from this year.
- ☐ **Day 23** Scan or photograph 10 old 4x6 prints. Start small.
- ☐ **Day 24** Add names and dates to 10 photos, on the back or in the file name.
- ☐ **Day 25** Set 3 simple rules for one shared family album.
- ☐ **Day 26** Put a 15-minute photo cleanup on your calendar once a month.
- ☐ **Day 27** Write a short note for family: where your photos are kept and how to reach them.
- ☐ **Day 28** Try restoring one photo from your backup, just to see that it works.
- ☐ **Day 29** Order a small print or album of your favorites (optional).
- ☐ **Day 30** Look back: which day felt easiest? Repeat that one next month.
